BISMARCK'S FUNERAL.

Text From Scripture Selected by the Late Statesman-Emperor and Empress Attended.

FRIEDRICHSRUHE, Germany, Aug. 3. -Emperor William and the empress attended the funeral services of Prince Bismarck vesterday.

Immense crowds had gathered from has received news of his election arrounding places and the country. The presentations at the railroad

crossing where the Bismarcks received the emperor and empress consumed about ten minutes, the emperor shaking hands with Count von Rantzau, the late prince's son in-law, and other relatives of the deceased.

There was no cheering, but an uproar was caused by the excited conversation carried on among the crowds present.

Pastor Westphal of Brunstorf conducted the services in the death chamber according to the rites of the Reformed church. The text, in compliance with Prince Bismarck's desire, was from the first epistle of Paul, the apostle, to the Corinthians, chapter xv, verses 53 to 57, as follows:

"For this corruption must put on incorruption and this mortal must put on immortality.

"So when this corruptible shall have put on incorruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, death is swallowed up in victory.

This determination was reached by Secretary Alger yesterday as a result of recommendations made to him by Surgeon General Sternberg of the army, who believes in frequent changes of camping grounds of large bodies of men and because of the rapid spread of and constantly increasing mortality from typhoid fever.

The start from Camp Alger is to be nade as soon as possible and the trip will be in light marching order, giving the troops some practical experience in army movements. THE DETAILS NOT FIXED

FEW AMENDMENTS HOPED FOR-

If the United States Grants Them, It Is Said That Peace Will Be Declared Immediately-The News of the Cabinet's Determination, It Is Rumored, Was Allowed to Leak Out to Test the Temper of the Spanish People-Some of the Populace Seemed Heartily Glad That the Strain Was Over-The President Receives Unofficial Information From Confidential Agents.

MADRID, Aug. 3 .- Spain has accepted the American conditions and peace is assured. The rest is merely a matter of detail. The queen regent and the ministry regard the war as over. The ministers held a long session yesterday and their conclusion was that nothing was left to them but to accept the condinent members of his party, said in part | tions imposed by President McKinley. concerning our foreign policy before he | Their only reservation was with regard to the method of putting the conditions

Until the minor details have been somewhat more fully gone over, the s possible that since we set out to free official announcement of the acceptance will not be made, but Spain is in the mood to grant everything, and merely hopes to save herself some "Cuba is adjacent to the United slight degree of humiliation. It is the peace will be appointed before tion of the United States that Spain will ask to be made, and if this is done Dons.

The news of the Sagasta cabinet's determination to accede to the American demands was permitted to leak out, evidently with the intention of testing the temper of the people. The populace, where not apathetic, seems heartily glad that the strain is over. What is still to be discussed are the methods of evacuating Cuba, Porto Rico and the other Spanish possessions in the West Indies, and the extent of the American demands regarding the Philippines. But it is felt here that the leading demands of President McKinley having been unequivocally accepted, all the real stumbling blocks in the way of peace have been removed.

WASHINGTON, Aug. 3 .- Shortly before midnight Secretary Alger, as he left the White House after a conference with the President, said the administration had received no official information that the Madrid government had accepted the terms of peace proposed by the United States.

Unofficially, the president had been informed that the Spanish ministry had acceded to the terms of this country ports Chartes Nelson and Lakme are for a cession of the war. The unofficial advices have reached the president In the form not only of press dispatches, but of private dispatches from confidential agents of the United States government.

NEWS IN LONDON.

Correspondents From Madrid and Gibraltar Telegraph Newspapers of Spain's Acceptance.

LONDON, Aug. 3 .- The Madrid correspondent of The Daily News says: "The government's reply to the American peace terms left here Monday evening. The government believes that the nature of the negotiations require the greatest secrecy and that their success will depend upon the observance of the most absolute reserve here. Official silence therefore is complete. The Madrid correspondent of The Standard Telegraphing Tuesday said in

part: The government's reply to the American terms was forwarded yesterday evening through M. Cambon and there is a strong prospect that peace will be concluded. It is not to be supposed concluded. It is not to be supposed that the United States government will object to representations being made on the Philippine question and upon some pecuniary claims which were mooted by the United States in the West Indies. On all the remaining main issues Spain shows a disposition to assent to the American demands.' The Rome correspondent of The

Daily Chronicle said: "Spain, it is asserted here, has accepted the American terms with unimportant reservations, and the peace preliminaries will be signed before Sat-

The Gibraltar correspondent of The Daily News, telegraphing Monday night, said:

"The censorship is daily becoming more severe, and little is known beyoud the fact that peace is assured. It is understood that the note from America asks only part of the Philippines; and that Senor Sagasta, having replied that the terms will be accepted, hostili-

ties are consequently suspended "A commission will be appointed to determine the basis of peace. The chief difficulty, it is asserted in official circles, is as to the date and manner of the evacuation of the Spanish possessions.

"There is also the question of the disposal of the war material in Cuba. Senor Sagasta, if he has a chance, will probably represent a restitution of the material as a diplomatic victory. It has just been asserted here that the premier has succeeded in obtaining slightly improved terms. The treaty will not be signed before September.
